SAHIN MIAH

FULL STACK WEB DEVELOPER

📧 sahin.dev1067@gmail.com 📱 +880 1336472789 🌐 **github.com/FDR-sahin** 📍 Dhaka, Bangladesh

PROFESSIONAL SUMMARY

Passionate, highly driven, and results-oriented **Full Stack Web Developer** with 2+ years of experience constructing modern, responsive, and performance-optimized web applications. Specialized in the **MERN Stack** (MongoDB, Express.js, React.js, Node.js), **Tailwind CSS**, and **Firebase**. Strongly adept in computer science fundamentals, algorithm design, and structured problem-solving using C, C++, Java, and Python.

TECHNICAL SKILLS

Frontend Technologies:	React.js, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Responsive Web Design
Backend & APIs:	Node.js, Express.js, RESTful API Design, Endpoint Security & Integration
Databases & Cloud:	MongoDB, Firebase Authentication & Firestore, MySQL Database Management
Programming Languages:	JavaScript, Python, C, C++, Java
Tools & Workflows:	Git, GitHub, VS Code, Postman API Tester, npm/yarn Package Managers

WORK EXPERIENCE

Full Stack Web Developer

2024 – Present

Freelance / Independent Web Development Projects

- Engineered, tested, and deployed end-to-end full-stack web applications utilizing **React.js** for interactive frontend rendering and **Node.js** / **Express.js** for robust backend execution.
- Designed mobile-first, high-performance user interfaces using **Tailwind CSS** and modern CSS grid/flex layout techniques.
- Integrated **MongoDB** and **Firebase** for dynamic data persistence, secure OAuth authentication, and real-time database query processing.
- Utilized **Git & GitHub** for version control, structured commit tracking, and seamless repository hosting.

KEY PROJECTS

Full-Stack E-Commerce Web Application

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB

- Architected a feature-rich e-commerce platform incorporating secure user registration, persistent shopping carts, dynamic search filters, and real-time order tracking.
- Implemented secure RESTful API endpoints for multi-resource data processing and client-server communication.

Interactive Responsive Management Portal

Tech Stack: HTML5, Tailwind CSS, JavaScript (ES6+), Firebase

- Developed an admin dashboard featuring secure login credentials, role-based user access, and dynamic analytics viewports.
- Optimized assets and CSS rendering paths to achieve seamless responsiveness across all screen dimensions.

EDUCATION & TRAINING

Professional Web Development Training

Completed

Creative IT Institute, Bangladesh

Bachelor of Science (B.Sc.) in Computer Science & Engineering

In Progress

City University, Bangladesh
